

Moving Your Mooring: Best Practices For Guiding And Defending Your Agency Through Contracting Out Decisions

CALPELRA 39th Annual Training Conference
Monterey, CA

The highly political and controversial process of contracting out has many landmines and carries high stakes if not done properly. This session provides a general overview of the legal requirements for contracting out and a step-by-step guide for the contracting out process, from the initial phase of evaluating what services may be contracted out, through the meet and confer process, to reaching a final agreement or impasse. As the presenter draws upon recent case studies, you'll learn common areas of mis-step and identify best practices.
