AFFILIATIONS

Alameda County Bar

David Hyndman practices primarily in the area of commercial [litigation](#), with a focus on construction disputes and related matters. He represents [public](#) and private entity clients in a variety of projects, including EPC contracting, [construction](#) management, public works projects, and other complex construction matters. His experience includes evaluating and resolving claims and disputes involving water processing plants, power plants, roadways, schools, hospitals, tunnels, and airports, among other issues. David also represents clients in commercial disputes and general litigation matters. During the course of his career, he has represented clients in jury trials, arbitrations, and mediations. David is admitted to practice in both California and Wisconsin.

David also has significant experience in implementing efficient and effective procedures for managing pretrial discovery in complex cases. This has frequently included managing document intensive e-discovery and electronic database issues, including implementing cost effective protocols for the review and production of millions of paper and electronic documents, as required by and in compliance with current and evolving Federal and State rules.
